

## OVERVIEW

# HP mt44 Mobile Thin Client

**The world's most advanced mobile thin client for collaboration<sup>1</sup>**

Achieve the perfect balance of form and function with the beautifully designed HP mt44 Mobile Thin Client. It's the first mobile thin client ever to have an integrated privacy screen and offers built-in collaboration features such as a world-facing third mic, collaboration keys, and loud speakers.<sup>2</sup>

Distinctively designed to work everywhere

Mobilize your workforce in style with this precision-crafted, all-aluminum thin client with a 14" diagonal Full HD narrow bezel and optional touch display.<sup>3,4</sup>

Effortless remote conferencing

Collaborate like a pro with a world-facing third microphone, loud speakers, HP Noise Cancellation, and Skype for Business® collaboration keys that keep calls productive and efficient.

A privacy and security power combo

Maximize data and device safety with an optional integrated privacy screen, HP Privacy Camera, multi-factor authentication, and HP Sure Start Gen4 BIOS protection.<sup>5,6,7</sup>

As the cloud grows and maximizes your ability to work remotely and securely, our devices need to follow suit. The HP mt44 Mobile Thin Client maximizes your ability to work on-the-go with optimal network accessibility, powerful USB-C™ technology, and a sleek design that users will be proud to sport—no matter where they're working from. With a device like this, the world is your office and the possibilities are endless.

### Optimized for your cloud and VDI environments
